I note with interest that our highly esteemed Past President, Farran Zerbe, was elected President of the A. N. A. at this Convention; a man who has been, and is, the friend, counselor and guide of so many Numismatists. After looking at his picture in The Numismatist of 1907, I think he is a much better looking man today than he was at that time.

I am indebted to Charles A. Davis of Boston for the original photograph from which this copy was made.
